CLEVELAND OUT FOR JUDGE PARKER

Advocates the Nomination of
New York Man by Democrats

Holds Up the Red Flag at Bryan By
Advocating "a Return to
Sanity."

SURPRISE IN POLITICAL CIRCLE

New York, April 6—Former President Grover Cleveland in an elaborate prepared statement in today's World advocated the nomination of Judge Parker, of New York, for president by the Democrats, and declares that the party should return to sanity and advocates a short platform and one to the purpose.

Cleveland's statement comes as a surprise to many, and a shock to others. He usually has little to say, and the bold stand he now takes is regarded as a defeat to Mr. Bryan, Mr. Hearst, and their following.

It seems to be the general opinion that Mr. Cleveland's advocacy of Judge Parker will lessen rather than help Judge Parker's chances, especially considering the language in which it is couched. Judge Parker's boom has been spreading somewhat, but now that Mr. Cleveland has openly come out for him, Mr. Bryan and his followers are certain to desert him and a lively mixup is anticipated.

GRAVE DANGER

DISGRACE AND IMPRISONMENT
STARE OHIO MILITIAMEN
IN THE FACE.

Columbus, O., April 6.—The Military commissioners appointed by Gov. Herrick commence this afternoon an investigation of the charges that the military companies of Springfield, O., failed to do their duty during the recent lynching and riots in that city. The investigation will be thorough, and if the charges are proven it may result in revoking all commissions and sending some of members to the penitentiary.

STILL WAITING

SAND DEALERS CANNOT FIND
LANDING FOR THEIR BARGE.

The sand dealers claim they have a barge of sand which they will furnish to the contractors and builders as soon as the barge can be landed. The river has been high and the regular docks of the sand company can not be used. The dealers claim they will be able to find a dock and will furnish the sand this afternoon. All the contractors have been waiting for the company to secure a suitable landing the brick layers have been idle several days.

RETAIL MERCHANTS

REGULAR MEETING TO BE HELD
—TWO IMPORTANT MATTERS.

The Retail Merchant's Association will meet tonight in regular monthly session, and the decision of Judge Reed in the clerk tax suit will be discussed. The matter of building display booths in the carnival grounds will be taken up and discussed also. It is reported the merchants may not display unless the association as a whole gives its sanction.

TO SEVER FRIENDSHIP

TURKEY AND BULGARIA MAY
BREAK OFF DIPLOMATIC
RELATIONS TODAY.

Vienna, April 6.—The Sofia correspondent of the Tageblatt wires that diplomatic relations between Turkey and Bulgaria are liable to be broken off today, if the Turko Bulgarian agreement is not signed.

Five Perished and Several Burned
in Mt. Vernon, N. Y.

Three Men Killed By Illuminating
Gas in Philadelphia
Today.

FIRE IN NEW YORK SUBWAY

Mt. Vernon, N. Y., April 6—Five people were burned to death and four others burned, one fatally, in a conflagration which destroyed Columbia Hall early this morning.

Practically the entire family of Nathan Frey perished in the flames.

THREE ASPHYXIATED.

Philadelphia, Pa., April 6—Edward Hammond, Jacob Hammond and Oscar Severson were found dead in bed this morning. They had all been asphyxiated by illuminating gas. The police and coroner are investigating.

TELEGRAPH WIRES FUSE.

New York, April 6—A blaze in the subway this morning fused all the telegraph and telephone wires leading north, and put a stop to all communication. The newspaper offices were suddenly cut off and all messages upstairs were delivered by carriers. The financial loss is light.

ISLAND QUEEN

BIG EXCURSION STEAMER AT
PADUCAH TODAY.

The big Coney Island and Cincinnati steamer Island Queen arrived from the Ohio yesterday afternoon late, and is at the wharf today. The boat will go to Memphis and run several excursions on the way up. Many people were down to view the big excursion boat, and this season she looks bigger than ever, being moored close to the bank where the comparison with the buildings can be easily made.

The Yalu, it was added, is well fortified and the Russians occupy its Northern bank in force.

The occupation of Wiju by the Japanese was confirmed, the information being added in a Tokio dispatch that the town had been deserted by the Russians when approached by the Japanese. Cossack scouts are said to have disappeared from North Korea, having withdrawn across the Yalu, where Russia evidently is prepared to make a courageous resistance.

She may have to wait here until the river goes down more, in order to pass under the Cairo bridge.

HELENA ARRIVES

AT SHANGHAI AFTER SPENDING
WINTER IN MUD DOCK.

Washington, D. C., April 6.—The United States gunboat Helena, which had been in a mud dock at Yinknow all winter, arrived at Shanghai today according to a cablegram from commander Captain Brown.

TROOPS SKIRMISH WITH SMALL LOSS NEAR TURENCHEN

FIVE JAPANESE OFFICERS WERE KILLED— RUSSIANS INJURED.

JAPANESE REPORTED TO HAVE BURNED YONGAMPO, A RUSSIAN SETTLEMENT.

RUSSIANS NOW SAID TO HAVE DESERTED WIJU

FIVE JAPS KILLED.

St. Petersburg, April 6.—An official report from General Kuropatkin brings news that there has been another skirmish between the Japanese and Russians near Wiju.

Gen. Kuropatkin says five Japanese officers were killed. Several Russians were wounded, but none killed.

The Japanese devastated Yongampo, the Russian general reports. He states the news of the fight came from General Kushevalinsky who is stationed near Turenchen, not far from Wiju.

The Russians were the aggressors, volunteers making the attack.

Yongampo, destroyed by the Japanese was a Russian settlement in north western Korea.

The Japanese burned the town.

NO JAPS IN MANCHURIA.

New York, April 6.—From St. Petersburg has come official information denying the reports emanating from English sources to the effect that the Japanese had entered and were operating in Manchuria.

The Yalu, it was added, is well fortified and the Russians occupy its Northern bank in force.

The occupation of Wiju by the Japanese was confirmed, the information being added in a Tokio dispatch that the town had been deserted by the Russians when approached by the Japanese.

Cossack scouts are said to have disappeared from North Korea, having withdrawn across the Yalu, where Russia evidently is prepared to make a courageous resistance.

HAVE FAITH IN RUSSIA.

St. Petersburg, April 6.—A correspondent of the Associated Press at Port Arthur, who returned to the fort from an inspection trip through Southern Manchuria, telegraphs that that country is strikingly full of an unusual and active life, that the troops are vigorous and healthy and animated by a desire for active operations and that the entire native population including that of the commercial world, is friendly to Russia and full of faith in the Russian arms. The respondent says:

"Russian money, which was shaky at the beginning of the war, is again firm."

DISCUSSED THE CAMPAIGN.

Tokio, April 6.—At a meeting of the war council before the throne today, the recent naval campaign was discussed.

ANOTHER TO SUE

DR. DUDLEY THINKS HE, TOO,
CAN HOLD ON.

Dr. H. H. Dudley, the present milk and meat inspector, stated this afternoon that he believed he could hold office until June despite the election of Dr. Garber to his office, and will shortly bring suit similar to that Col. Ezell to test the election of the new milk and meat inspector.

GOOD STOCK MARKET.

New York, April 6.—Under the lead of the United States steel preferred the stock market opened strong today with prices showing good advances. Later prices rose above the opening.

W. W. Bartlett, white, was arrested this afternoon by Officers Clark and Johnson for being drunk and disorderly.

ACQUITTAL FOR MR. HENRY TEMPLE

Jury Out Only a Short Time
This Morning—No Argument.

Was Charged with Manslaughter—
Fiscal Court Resumed This
Afternoon.

LITTLE DONE IN POLICE COURT

Mr. Henry Temple, the well known mill owner near Maxon's Mill, was this forenoon acquitted in circuit court on a charge of manslaughter. The case was submitted to the jury without argument, and the verdict was brought in at 11:30 o'clock, after the jury had been out but a short time. It was no surprise to Mr. Temple's many friends or to others familiar with the evidence.

Mr. Temple is a man of means and influence in the county, and was indicted for killing Robert Smallman, engineer at his mill, about a year ago. The killing was one of those unfortunate things that often happen in a life time, and while they are always regretted, cannot be avoided.

Smallman had been drinking, it seems, and was taken home once by Mr. Temple, but returned. In an encounter after he returned he was stabbed and the knife blade struck his spine, and broke off.

The unfortunate man was brought to Paducah and operated on at the L. C. hospital but died. He exonerated Mr. Temple, however, before he breathed his last. Mr. Temple was also exonerated by the coroner's jury, but the grand jury, hearing only the evidence against him, indicted him at its next sitting for manslaughter, and he gave himself up and was released on bond.

The trial was begun yesterday afternoon and all the evidence completed this morning, no argument being made. Mr. Temple has many friends who will be pleased to learn of his acquittal.

There is a damage suit for \$15,000 pending against him, filed by the dead man's widow, but it will probably not amount to anything. Quite a crowd attended the trial, most of the spectators being from the county, where the case had aroused great interest.

The case of Hale and Thompson against Sale was dismissed without prejudice.

The case against L. E. Adams for obtaining money by false pretenses, was continued.

George Overstreet was fined \$100 and costs for setting up a game.

The seduction charge against Clarence Ingram was dismissed, the young man having married the girl.

Fields Gardner who sold a stolen hat, was indicted, and on pleading guilty was given one year in the penitentiary.

Louis Smithson was indicted for malicious shooting at his wife.

At press time the case against Will McClure, colored, for malicious shooting, was on trial.

The robbery case against John Bulger was continued.

The case against William Gipson for injuring property was dismissed.

The indictment against Porter Mitchell for petty larceny was filed away.

Three appeal cases against Jack Whitesides were dismissed.

The indictment against Ellen Hodges and Ida Davis, for false swearing, were filed away.

FISCAL COURT.

McCracken fiscal court convened again this morning for the second day, but adjourned in a few minutes when it was learned that Treasurer H. H. Loving had failed to complete his report. The court had intended taking this matter up first and in the absence of the treasurer, adjourned until 2 o'clock this afternoon when court was again convened.

All that was done this morning amounted to but little. Donations to the Commercial club and Home of the Friendless were made, the former get-

SUICIDE WAVE IN NEW YORK CITY

Six Found Dead in Metropolis in
One Day.

Lack of Work Was the Prevailing
Cause—Three Victims Took
Carbolic Acid Route.

ONE JUMPED IN THE RIVER

New York, April 6.—An unusual number of suicides, at least half of them due to despondency because of inability to secure employment, were reported to the police of Greater New York today.

Three of the six victims choose carbolic acid as a means of ending their troubles, one chose death by shooting, another by hanging and the sixth accomplished his purpose by drowning.

The most youthful suicide was Eva Focker, a 17-year-old Brooklyn school girl, who drank carbolic acid, and the oldest, Jacob Reiham, 65, of Manhattan, had been ill with rheumatism. His body was found hanging in his lodgings today.

The body of another suicidal woman, who had ended her life at least two weeks ago by inhaling chloroform, was found in a house on East Thirty-fifth street.

A note found with the body said the woman was so deeply in debt that she saw no hope.

The other suicides reported were James Kinney, fireman, who lost work through drink; Samuel Levy, no work, carbolic acid; Egisto Bertone, stone cutter, no work, shooting and J. Bender, a crayon artist, gas.

taking \$100 and the latter \$50.

A settlement with Sheriff Lee Potter was made for a total of \$13,239.03. He was given his quietus.

The following accounts were allowed yesterday afternoon after the work of the finance committee, which audited the accounts was completed:

Robert Wilkins, \$90.40; L. L. Downey, for Mrs. Peper, \$10; Louie Clark, \$28; United States Gas, Coal and Coke company, \$1.40; Linus Roof, \$2; E. B. Berr, \$1; G. W. Schulte, \$2; Lang Bros., \$57; T. Schwab, \$2.85; E. R. Hall and company, \$3.12; Senroeder and company, \$43; Mrs. Peter Rogers, \$19; L. Koop, \$2; Mattil Efinger and company, \$10; Henry Mammon, \$25; J. K. Bouds, \$2; C. E. Graham, \$23.50; L. L. Jones, \$86.90; C. H. Rieke and Son, \$35.84; Fred Schiffman, \$74; Louis Clark, \$4.80; George O. Hart and Sons' Co., \$80; C. H. Rieke and Sons, \$21.10; Globe Printing Co., \$8.25; Tornado Manufacturing company, \$15.25; Lee Potter, \$799.10.

Mary E. Rogers presented a bill for 6 per cent. of the unpaid or unredeemed taxes under Sheriff Tobe Rogers' term. She is administrator of her husband's estate and the bill is similar to the one presented by Sheriff Lee Potter who won his in circuit court.

Louis Smithson was indicted for malicious shooting at his wife.

At press time the case against Will McClure, colored, for malicious shooting, was on trial.

The case against William Gipson for injuring property was dismissed.

The indictment against Porter Mitchell for petty larceny was filed away.

PEOPLE ARE NOW A "LEFT-EARED" RACE

Telephones Have Accomplished the Result.

The First Telephones Are Responsible for the Position of the Receiver.

NO ONE USES RIGHT EAR

Telephones have created a race of left eared people, and as a result the large majority of persons can hear better over a telephone with the receiver to the left ear. Nine out of every ten persons who use a telephone hold the receiver to that ear, and many find it impossible to hear over a phone through their right ear.

The fact that the majority of men and women are right-handed and that the constructors of the first telephones took due notice of this fact is responsible for this new condition of left-eared people.

Watch a telephone for half a day, and it will be seen that almost every person that uses that instrument will place the receiver to the left ear. Or, even if the instrument is resting on a table, the left ear will be the one used. This is accounted for by the fact that the receiver hangs on the left side of the instrument, but why was this done? Why not put it on the right side?

Many cities have a telephone now where it is not necessary to ring any bell in order to call "central," but it has been only in the last few years that this kind has been in use. The first telephone was constructed with a small crank at the top of the box, which had to be turned to call "central." This crank was put on the right side of the box because the makers knew that the large majority are right handed, and it would be awkward to turn the crank with the left hand. This made it necessary to put the receiver on the left side.

When the new instruments, which were made without bell and crank arrangement, were constructed the receivers were left on the left side, as the users had become accustomed to this and would not have it on the other side. All this has created a race of left-eared people, for, having become accustomed to using the receiver at the left ear, it was found that the hearing in that ear was better and more sensitive. Every telephone girl in the exchanges has the receiver on her left ear, and the man who uses his right ear is unusual.

HEALTH IS YOUTH.

Disease and Sickness Brings Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1908: "I have used Herbine and find it the best medicine for constipation and liver troubles. It does well what you claim for it. I can highly recommend it." 50c a bottle.

BODY FOUND

UNKNOWN MAN MURDERED AT CAIRO, ILL.

Cairo, Ill., April 6.—The remains of an unknown white man were found by Officer Nichols in the locality known as "Wild-Oat-Bluff." From all appearances the man was murdered. He had been stabbed in the left arm and had two stabs in each breast. A knife was found in his hands, but this was identified by negroes who were arrested to be one owned by or in the possession of one Frank Lewis, who has so far escaped arrest.

BLOOD CUT FROM HIS BACK

A band of men went to the residence of Mr. Andrew J. Martin, who lives one and a half miles southeast of Pryorsburg, Tuesday night, and took him from the house and gave him a severe flogging, says the Mayfield Messenger.

Mr. Martin was in the city Friday afternoon to see the officers and to report the "whitecapping" to them.

Mr. Martin was seen by the messenger man at the office of Dr. M. W. Rozzell and made the following statement: "I was in bed at home when about 10 o'clock Tuesday night I heard a noise outside and got up and went to the door to see what was the matter in the yard. I saw ten or twelve men at the gate and several of them came up to the door where I was. They grabbed hold of me and carried me a distance of about 300 yards from the house and began whipping me across the back and legs. When they got through, they threatened me and told me if I didn't stay away from a neighbor's wife whom I had been preaching and stay at home and take care of my family they would visit me again and give me more of the same kind. They then left. They had the upper part of their faces covered with black clothes. I have plenty of provisions for my family and take good care of them. I have a wife and three children, a daughter, 14 years old, and two boys aged nine and one year old. I am a preacher and preach the oneness of God's people. It is true I am away from home sometimes but I take care of my people."

Mr. Martin is a brother of Mr. J. B. Martin, south of the city, and has been a hard working man. Blood was cut from his back and legs in various places and 50 or 60 lashes must have been given him. He says he recognized several of the men.

NO STAGE CAREER.

Miss Blanch Buckner Will Come to Paducah to Live.

This Is the Latest Report Regarding a Former Paducah Girl.

Mrs. James M. Buckner, Jr., of 286 West Walnut street, last night denied absolutely the story published in an afternoon paper that Miss Blanche Buckner, her niece, had signed a five-year contract with the Whitney Opera company, says the Whitney Herald.

"My niece has signed a contract with no company of any sort. The published story that she had agreed to serve for five years with the Whitney Opera company, or as a member of the 'Isle of Spice' company, is merely an imaginative tale, which is unfounded entirely. I do not know whether or not Miss Blanche had her voice tested by the 'Isle of Spice' managers, but you can state positively, so far as known, and I would be certain to know, that there is nothing in the story."

"Miss Blanche is now on the way home from Ottawa, Canada, where she has been for some time with her mother. They will both arrive in Louisville tomorrow to remain in the city several days. From here they will go to Paducah."

Mrs. Buckner has determined not to let her daughter adopt a professional career and I do not think she will change her mind."

MARRIAGE AT FULTON.

Fulton, April 6.—At the home of Mrs. S. C. Fields, Miss Willie Fields was united in marriage to Mr. Fred B. Greene, Rev. Eldred officiating. Mr. Greene is a contractor and paper hanger and his bride is the daughter of Mrs. S. C. Fields.

THE INDIANS NOT HARD TO DEFEAT

Cincinnati Boys Win an Easy Victory at League Park.

The Local Club, However, Is Not in Good Form, and Will Greatly Improve.

THE COLTS ARE HARD HITTERS

The Paducah K. I. T. league baseball team met defeat in the initial game of the season at Wallace park yesterday afternoon at the hands of the Cincinnati Colts by a score of 21 to 4. The playing was not marked by any very great enthusiasm on the part of the several hundred fans assembled to root for the locals, but there was some pretty fast work seen, and the local sports are not dissatisfied with the team. Manager Ray has picked to carry off the pennant for Paducah this season.

The Colts did not arrive until two o'clock in the afternoon and after dinner at the Palmer repaired to the ball park and immediately started in for the game. The game was called about 3:40, and dragged perceptibly at times, especially when the Colts persistently hit out home runs, three and two baggers, and made an uninteresting game. They hammered out the ball in any direction to any distance.

Ragon started in pitching for the Colts, and made way for Elliott in the sixth inning. Doyle was taken out of the box in the last of the third inning and Hudson substituted in the first of the fourth inning. Doyle's wing seemed to be off, and he was easily found by the Cincinnati aggregation. Hudson was not touched up so lively, and what few balls were hit during the first part of the game were well fielded and nicely handled by the infield.

The game started out in the first inning by scoring two runs on both sides. Paducah failed to tally again until the sixth inning when Elliott walked three men, forcing in one run. One other run was made that inning which gave Paducah her four runs. Cincinnati seemed to be able to score when the players desired it, but the game did not loose real ginger until the defeat of the home team was seen to be inevitable.

The Paducah aggregation has not worked much together, and the men are not in trim. Manager Ray booked the games simply to give the people some kind of sport to keep their patience allayed, and the public can not justly judge the team from what was seen yesterday. As soon as these series of games are over, the team will be worked hard until the regular season begins, and then Paducah will come to the front with the best team in the league.

Jack Bolan, the pugilist is training the locals, and takes the men out each morning for a sprint and rub down. He has them worked out as far as soreness is concerned, but there remains much to be done yet in training them down.

Yesterday afternoon turned out so bad that few had the courage to venture out, but the crowd on hand to see the game made it evident that Paducah fans are ever ready to patronize the national game, and all that is asked is a strong team. This once secured the park will be filled daily the season through.

Elliott, who pitched the last three innings for Cincinnati yesterday, was with Milwaukee last season and worked with Hedges. He says Hedges is the "proper stuff" and will make a star with the proper coaching. Elliott has much speed and excellent curves. It is said he will make one of the fastest "youngsters" in the national league this season. He did excellent work for the Wisconsin team last season and was immediately snapped up by the bigger league team at the close of the ball season in 1903.

Ever since the local ball park was built there has been a hue and cry from the players and public alike of the bad infield. There are few baseball parks in the state infield as bad as Paducah's, and it would cost but little to rake it over, roll it thoroughly with a horse roller and place it in the best possible condition; but this matter has been invariably neglected until the season is well on and then it is "too late." The public wants to see fast ball playing and realizing that a good infield is absolutely necessary and essential to attain this end, has urged the management to better the condition of the grounds. The better the ball playing, the better the patronage, and every possible means to promote the patronage should be adopted. Of all, this is the least expensive, and is the first thing that should be considered.

Freeman, of Dyersburg, who developed into the fastest curve pitcher in the league last year, and who had the record for strikeouts, has been signed by Manager Ray. Freeman was re-served by Jackson, Tenn., but as that team will not be in any league, the players are signing out with other teams. Freeman telephoned here last night and was immediately signed. The local fans will be pleased to see him in a Paducah uniform again.

Great things are expected of Dick Brabie, the local twirler, and when he comes out in his best form will show what Paducah can turn out in the way of base ball material. Brabie is a good fielder as well as pitcher. He has excellent speed and wide curves and Manager Ray has set his best men to work on the younger to train him down and give him the benefit of the best coaching in the game.

Ed McGraw, who caught for Cairo several years ago, has been sentenced to two years imprisonment in the penitentiary at New Madrid, Mo., for robbery. McGraw was catcher in the famous battery of Boylan and McGraw, which did such excellent work for Cairo several years ago.

This afternoon there was no game between the Paducahs and Cincinnati Colts on account of bad weather and the bad condition of the grounds, which were rendered very soggy by the rain.

The patronage at the game yesterday was good considering the weather but when the team gets in good condition and a pretty day comes, just watch the people fill the grand stand.

The Colts left at noon over the L.O. for Cincinnati and have about finished training for the season. The boys are in excellent shape and ready to go in for fast league ball immediately.

Bateman, Paducah's third baseman, was with Terra Haute in the Central league in 1897 and Kellum, who played with Cincinnati yesterday was pitching for Washington, Ind.

The next game here will be played Sunday between Paducah and Nashville and if the weather is favorable,

KILL THE SERPENT

The worst disease the world has ever known, and the greatest scourge to the human race, is Contagious Blood Poison. One drop of the virus of this loathsome disease will pollute and vitiate the purest and healthiest blood, and within a short time after the first little sore appears the system is filled with the awful poison; the skin breaks out in a red rash, the glands of the groins begin to swell, the throat and mouth become ulcerated, the hair and eyebrows drop out, and often the entire surface of the body is covered with copper-colored splotches, pustular eruptions and sickening-looking sores and abscesses. Many a man has been cut down in the prime of life, or his health so impaired by this vile disease that usefulness is destroyed, and he becomes a burden to himself and an object of pity to the rest of mankind. Contagious Blood Poison is the most annoying, humiliating and degrading of all diseases. It is as treacherous and elusive as the serpent. Under the mercury and potash treatment all external evidences of it may disappear, and the victim misled, be buoyed up by false hopes of a cure, while the disease may even then have fastened its fangs in some vital spot within the system, where it is doing its destructive work unseen. Mercury has arrayed against it thousands upon thousands of physical wrecks and chronic invalids who have been dosed for years and their systems saturated with these powerful drugs, only to be harassed by constantly returning symptoms and confronted with unmistakable traces of blood poison years after. As long as your blood is tainted with this awful virus you are a source of infection and danger to all who come in contact with you, and your children will carry in their veins the same dreadful contagion. As long as there is life in the serpent there is danger in its fangs, and so long as any signs of Contag

BE REPORTED THIS AFTERNOON

The bill prepared by Commissioner Yerkes eliminating the six cents a pound tax on tobacco is as follows:

"Be it enacted by the senate and house of Representatives of the United States of America, in Congress assembled, that sub-division 9, section 3,254 of the United States Revised Statutes, as amended by section 69 of the act approved August 29, 1894, is hereby further amended so as to read as follows:

"Every person whose business it is to manufacture tobacco or snuff whether such manufacture be by cutting, pressing, grinding, crushing or rubbing of any raw leaf tobacco, or otherwise preparing raw or leaf tobacco or manufactured or partially manufactured tobacco or snuff, or the putting up for use of consumption of scraps, waste, clippings, stems, or deposits of tobacco resulting from the process of handling tobacco, or by the working or preparation of leaf tobacco, tobacco stems, scraps, clippings, or waste, by sifting, twisting, screening or other process, shall be regarded as a manufacturer of tobacco; provided, that unstemmed tobacco in the natural leaf and not manufactured or altered in any manner, shall not be subject to any internal revenue tax or charge of any kind whatsoever; and,

"It shall be unlawful for any person to buy and sell such unstemmed tobacco in the leaf without payment of tax of any kind," provided further that any person who sells natural leaf tobacco to manufacture of tobacco, snuff or cigars shall be deemed and considered a dealer in leaf tobacco and become subject to all the provisions, rules and regulations of subsection 6 of section 3,244, United States Revised Statutes, as amended by section 14, act of March 1, 1879, and also as amended by the act of March 3, 1883, and further shall be subject to all the provisions of section 3,360, United States Revised Statutes, as amended by section 14, act of March 1, 1879, and of sections 3,359 and 3,391, United States Revised Statutes;

and provided further that farmers and growers of tobacco may sell leaf tobacco of their own growth and raising to manufacturers of tobacco, snuff or cigars without being considered leaf growers or manufacturers of tobacco and shall not be subject to the sections of the law and amendments thereof above named."

The bill will be reported by the whole committee today, Wednesday, and will undoubtedly be enacted in to law this session.

PYTHIAN COMMITTEE MET LAST EVENING AND DECIDED ON ITS PLANS.

The Knights of Pythian committee held a meeting last evening at Gleaves store with the following present: May or D. A. Yeiser Messrs. Al Young, L. S. Gleaves, Charles Weille, Abram Weil, and Alex Kulp.

Mr. Gleaves was selected to preside and Mr. Abram Weil was chosen secretary.

The matter of securing a site and raising a bonus to secure the K. of P. state home for Widows and Orphans was discussed, and it was decided to appoint a committee of ten to canvas for subscriptions, five to belong to the Knights of Pythian and five to be outside citizens.

MEETS TONIGHT

A NUMBER OF THINGS MAY COME UP BEFORE PUBLIC WORKS COMMISSIONERS.

The Board of Public Works will hold another meeting tonight, but it is not known what will be brought up for action. A member stated this morning that the process of getting ready for business was somewhat slow, and it was not known what would come up at the meeting this evening. He said that one rather annoying thing was that every person in the city, it looked like, who had any kind of a grievance, if only a mud hole in front of his house, had filed a complaint with the board, and the complaints could not be ignored, but would have to be investigated and passed on as they were received.

FUGITIVES IN HIDING.

Bardwell, Ky., April 6—John Carl and John Dolan, who escaped jail a few weeks ago are said to be in the river bottoms heavily armed. Efforts will be made to capture them and a fight is expected.

Capt Ab Gould has resigned as commander of the W. W. O'Neill, and Capt. William Stewart, of the Cruiser, succeeds him.

ABOUT CRIME.

NATIONAL CENSUS BUREAU IS SECURING STATISTICS.

Few social questions are asked more frequently than, what is the increase of crime?

The national census bureau is seeking an answer to this inquiry. It is undertaking to secure a record of all the persons who are sentenced to the various jails, penitentiaries, and other prisons in the United States during the year 1904.

The wardens of the state prisons and the sheriffs of the counties are being requested to act as special agents to report certain facts concerning every person delivered into their custody.

Some counties have not been heard from. In some perhaps there are no jails, in others perhaps the local jails are no longer used, in still others the sheriffs have possibly neglected the matter. But the records of the census bureau and the resulting statistics will not be complete until all are heard from, and it is hoped that the pressure of other business will not cause the sheriff of any county to block this most important inquiry.

A BLACK SHEEP.

KILLED IN ST. LOUIS WHILE BREAKING INTO A HOUSE.

Luther Farmer, a grown son of Mr. Steve Farmer, a prominent citizen of Martin, Tenn., was shot and killed in St. Louis while breaking into the residence of a well known family there says the Fulton Leader.

Young Farmer was a notorious character, a black sheep in a good family, and has been in many serious difficulties, wrecking the moderate fortune of his father who has aided him in clearing him of all trouble. Mr. Steve Farmer and Bogue Farmer were there today enroute to St. Louis to bring the remains of young Farmer to Martin for burial.

THE COMPOSITE WIRE NOW ANSWERS THE PURPOSE.

The phonoplex at the dispatchers' office has been taken out of use, the composite wire being substituted. The phonoplex was not used a great deal, being constantly out of repair, and so much better is the dual service of the composite wire that the phonoplex was discontinued permanently. The phonoplex made it possible to send several messages over one wire at the same time and the composite wire can be used for telephone and telegraph alike at the same time.

IS INELIGIBLE

MILK AND MEAT INSPECTOR HAS NOT BEEN HERE A YEAR.

It is likely the general council will have to elect a new milk and meat inspector, as Dr. Garber, who was chosen recently, is ineligible. He has not been a resident of the city a year, as required by statute, and it was known months ago by nearly everybody, but the members of the board that he could not legally hold the office because he had not lived here long enough.

Major Yeiser has had his attention called to the state law on the subject, and while the city ordinance does not prescribe any stipulated length of residence, the state law requires all city officers to have lived in the city for a year or more.

It is understood Dr. Garber has resided here eleven months, and will try to have the boards wait another month, when he will have lived here a year and be re-elected.

NEW TREATY.

IS DESIRED ENABLING UNITED STATES CORPORATIONS TO SUE IN RUSSIAN COURTS.

St. Petersburg, April 5—Ambassador McCormick is negotiating with the foreign office for a treaty with Russia which will give to United States corporations the right to sue in Russian courts, and to Russian corporations the right to sue in courts of the United States. Under the Russian law United States corporations can be sued but cannot sue in the courts of the empire. This has caused United States firms great annoyance as well as losses in the past. In addition the ambassador hopes to secure in the treaty a broad clause which will automatically give to United States corporations all privileges of whatever character now enjoyed by the corporations of any foreign country.

Yesterday morning a hand car ran into a delivery wagon of the Jake Biederman Grocery Co., at the east crossing on Tennessee street and slightly damaged the wagon. The hand car was being propelled by section laborers and was going pretty fast when the wagon appeared in sight. This is the crossing most dangerous to the pedestrian and vehicle driver, and it was only Monday night that the count-

BATTLE OF SHILOH

THIS IS THE ANNIVERSARY OF THE FIRST DAY.

Today is the forty-second anniversary of the first day of the battle of Shiloh, one of the most noted engagements of the civil war. The battle lasted two days, and memorial exercises will commemorate the event.

The battlefield, located on the Tennessee river, which has been transformed into a National Park, will be the scene of the exercises, which will be of especial interest to Paducahans, as many were in the battle on the confederate side. Major J. H. Ashcroft, of this city, who was in the federal army, which fought on the historic spot, and is one of the park commissioners, will not be present at the memorial exercises, but will go to Shiloh next Friday to aid in the preparation for the dedication of the Illinois monument, which will take place in May.

CONFIDENCE MEN

WORK SEVERAL CITIES IN GRAVES COUNTY.

Two well dressed young sports "worked" Pilot Oak, Palmersville and several other small towns near Fulton for about \$30 or more according to the Fulton Leader.

They were well dressed and used the confidence game upon merchants, short changing them at each place. When they reached Dukedom they tried their scheme on Jim Si Cavender, but he was too slick for them and caught them. They said it was only a mistake and he let them go. Later parties at the other towns wired Duke dom and Mr. Cavender started in pursuit of them, but did not overtake them. They were last heard of near McConnell. The confidence men were driving two bay horses to a buggy.

The Carnival Association will hold its next meeting Friday night to consider a number of matters of importance. The chairman of all sub-committees will likely be on hand to make reports.

WAS BLIND

THE PECULIAR AFFLICITION, HOWEVER, WAS ONLY TEMPORARY.

Ethel Eaker, little daughter of Engineer Frank Eaker, of the L. C. road, who resides on Tennessee street, was peculiarly affected a few days ago. While playing in the yard at her father's home, she was suddenly stricken blind.

She remained so for two hours, and then recovered her sight, but had a double vision.

She was thus affected until she went to sleep that night, but when she awoke next morning her vision was perfectly normal again. She has not had any similar trouble since but has apparently entirely recovered her sight.

ASSISTANCE NEEDED.

FAMILY DESERTED BY HUSBAND DEPENDENT ON CHARITABLE PEOPLE.

The attention of charitable people is called to the case of Mrs. G. W. Moray and her young child, who are in destitute circumstances, at the residence of Mrs. Mary Sebree, at Sixth and Madison streets. Mrs. Moray's husband deserted her a few days ago, and she is entirely without means of subsistence. The Charity Club are giving her what assistance they can and would be glad of donations to aid them in doing so.

Anything for her relief will be received at the residence of Miss Faith Langstaff, on Kentucky avenue.

SEVERAL RULES ARE NOW CHANGED

Twelve Grades Hereafter in the Public Schools.

A Number of Good Suggestions Made Last Night By Superintendent Leib.

REGULAR MEETING OF BOARD

The regular meeting of the board of education was held last night with Trustees McFadden, Reprof and Overby absent.

Superintendent Leib made a number of suggestions. He stated that the changes relative to auditorium and recitation room had been made, and recommended that as Washington school on West Broadway should be connected with the city sewerage, a committee of trustees be appointed to confer with the council with a view to securing the extension out Broadway.

He also recommended the opening of the street across a hollow into South Sixth street, in order that pupils may reach the Franklin building. He also wanted 13th street opened to the L. C. shops. He reported 68 more pupils than last month, and expressed a fear that both colored and white schools will be worse crowded.

The finance committee presented the treasurer's report, showing \$12,669.20 on hand March 1, received during that month \$1,505.10, spent \$2,208.92, which leaves a present balance of \$9,955.38.

The pay roll and regular bills were allowed.

The purchase of 100 armchairs for \$150 for the study rooms of the high school was ratified.

The board ratified the recommendation of the committee on course of study that a twelfth grade be added in the high school.

Chairman Mattison was authorized to close a contract with Manager J. E. English for the Kentucky theater for the white and colored commencement.

Mr. Buck Whitehurst was present and wanted to complain of alleged treatment of his child, but as the rules require that complaints be first made to a committee he was not heard.

A number of changes were made in the rules, one being that the salutatorian and valedictorian of the graduating classes should hereafter be elected by grade, the two having the highest average for three years being entitled to the honor.

After a wrangle it was ordered that hereafter the school year be 190 days, divided into 38 weeks.

The board also adopted a rule which prescribes that there shall be holidays from Christmas until New Year, and on Thanksgiving day and Washington's birthday. Other holidays may be given but teachers will not be "docked" for them unless they are given at the request of teachers. The rule means that the teachers, as now, will not be paid for the Christmas and other regular holidays.

The matter of whether or not the school board may acquire a bonded indebtedness and at its own volition refund it, was referred to the salaries committee.

The committee appointed to secure options on sites for school buildings was granted further time.

The matter of holding a normal school here in the summer was dropped, only two answers having been received by Superintendent Leib from the teachers of other cities written.

The matter of electing a superintendent of buildings to succeed Mr. Fred Hoyer was deferred, but it was decided to keep the salary at \$60 a month. Permission was refused itinerant photographers to take pictures of the schools and school classes.

Trustees Mattison, Cole and Jones were appointed to go before the council relative to opening new streets to the schools and Trustees, Overby and May to take up with the city authorities the matter of extending the sanitary sewerage out Broadway.

GRAFTING BEING EXPOSED.

Grafting is being fully exposed wherever it is found. The conviction of Senator Burton, of Kansas; of the St. Louis, Minneapolis, Milwaukee and other hoodlums, and of those in the government post office service, seems to have aroused the people everywhere, and it is only a matter of possibly a short time until it will be more perilous than profitable to practice bootleg and grafting.

An alderman in Richmond, Va., convicted of accepting money from street contractors, and given one year, has just been refused a pardon by Governor Montague, despite strong pressure, and the governor in refusing says: "The punishment provided by the law was wholly inadequate to the offense committed. The stealing of property, either by robbery of person, breaking into houses or iron safes, is insignificant as compared to an offense which involves a breach of official duty, the betrayal of public confidence and the undermining of our whole social fabric. The rule of the people is a mockery if their rights and interests are sold by those who are sworn to guard and protect them; and bribery and grafts must not only receive judicial punishment, but public condemnation."

This is refreshing relief from the almost criminal encouragement given men of this stripe in Missouri by the supreme court, which decided that a man couldn't be guilty of being bribed to do a thing unless it be within his power to do it. As to the menace to the public of these kind of men, who escape the consequences of their dishonesty, the Louisville Herald opportunely observes:

"The man in office who takes money to do what he knows he cannot do is a thief pure and simple, whom no technicality should be permitted to save from the punishment he deserves. He degrades his office and assails representative government. He is a fraud, whose proper place is behind prison bars. Elected to do his duty to his constituents and to the public at large, he places himself for a price in the power of men whose business it is to corrupt for selfish benefit the representatives of the people. Whether the bribe can or cannot deliver the goods solicited and paid for to the briber makes no difference in the mor-

al turpitude of the corrupt representative. He is in either case utterly unfit to represent the people. Up for sale to the highest bidder, he has no conception of duty and no purpose to fulfill it if he had."

The contentious Democrats in Kentucky, having blamed each other with nearly everything else in the category, now charge their own state administration with the responsibility of the Breathitt county assassinations. The Courier-Journal says of the latest Breathitt killing: "No charge has been made that the latest assassination by one of the Hargis-Calahan gang in Breathitt county was instigated by any of the leaders of that gang, but there is every reason for saying that this return to the old method of putting disagreeable people out of the way was due to the demonstration of the case with which the leaders of the gang 'compromised' with the Legislature and the Governor, and the consequent revival of the belief of their followers that these leaders can do as they 'damn please' in the future, as in the past, both in Frankfort and in Breathitt."

If the city desires to give the people the badly needed protection afforded by properly inspected milk and meat, it should enact a law requiring all milk and meat to be inspected before sold, and imposing a penalty for every infraction of the ordinance. No one man can make the rounds necessary to inspect the milk and meat sold here, and consequently the milk and meat must be taken to him if the inspection is expected to be anything but a farce. If every farmer, butcher, and dairymen knew he was likely to have to pay a heavy fine for every piece of uninspected meat or every quart of milk he sold, he would doubtless take pains to have it inspected. The trouble to which he might be put is not to be considered when the health of 20,000 people is at stake.

The state home for Knights of Pythian widows and orphans would be a good thing for Paducah, and every public spirited citizen should lend a helping hand in the present effort to raise the necessary bonus. Many cities in the state of far less size and importance than Paducah have these kind of institutions, but Paducah seems to be very unfortunate in getting them, and it is largely because the people do not get out and hustle for them. The cities or towns that offer the greatest inducements in such cases usually walk away with the prize. It is to be hoped that Paducahans will liberally respond to the present calls for subscriptions, and help secure the home.

The idea that the license ordinance requires merchants to pay a \$2 license on each clerk over two, is very wrong, and is one thing that aroused opposition to the ordinance. The ordinance simply takes the number of clerks employed in an establishment as a basis for computing the license the owner should pay. The clerks are not taxed like so many horses, sheep, or hogs. In order to more equitably apportion the license tax among those who are entitled to pay it, the city decided to base the assessment on the amount of business done, and this is estimated by the number of clerks employed.

It now develops that the story about Filipinos at the St. Louis exposition demanding dog meat was a press agents' smokeup. It had the desired effect, however, of drawing thousands of sightseers, and of causing the humane society to put agents on guard to see that no dogs were served—except in the usual link form.

THROUGH PADUCAH.

President Stuyvesant Fish, of the Illinois Central road accompanied by Col. John Jacob Astor, Second Vice President J. T. Harahan, Assistant General Manager W. J. Harahan, Superintendent S. H. Egan and other division officials, arrived in the city yesterday at 6:35 p.m., and after a few minutes left for the south.

The party traveled on a special train of four cars and departed at 6:56 p.m. for Memphis. President Fish is on a regular inspection tour and will look over the Mississippi valley and southern terminals. The object of the inspection principally is said to be the change in schedule. The officials want to see just how the southern end is handling the business, and how well the connections with other roads are made. Col. Astor did not run the engine.

DO IT TODAY.

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of long trouble. New trial bottles, 25c regular size, 75c. At all druggists.

ATTRACTIVE RECITAL.

Much interest is manifested in the coming of Mr. Louis Spencer Daniels, a clever and popular impersonator who has appeared in Paducah before, to the First Christian church tomorrow evening, under the auspices of the Delphic club. A nice program has been arranged, Mr. Daniels' selections being interspersed with music, furnished by local talent. Mrs. Clarence Phillips, who has recently moved from Chicago to this city, and who is a cultivated vocalist, will sing. Miss Anne Bradshaw and Prof. Wm. Dodd are also on the program. A matinee will also be given Saturday afternoon at 2 o'clock at the Y. M. C. A. building, which will be of interest to both children and grown people.

RIEKE-SCOTT.

The marriage of Miss Mabel Rieke and Mr. John W. Scott will take place at 5 o'clock this afternoon at the First Presbyterian church. Rev. W. H. Pinkerton of the First Christian church, will perform the ceremony.

It will be one of the most interesting weddings of the season, since Miss Rieke is one of Paducah's most popular young society women. She will wear a going away gown and the marriage will be characterized by simplicity. The couple will take a bridal trip south and will reside on Madison street near Ninth.

Mr. Roy Cully, an uncle of the bride, will give her away. The ushers will be: Messrs. Louis Rieke, Will Bradshaw, Frank Bourne and Will Rieke.

MAGAZINE CLUB.

The Magazine club will meet tomorrow afternoon with Mrs. W. W. Powell at her home on West Broadway. Quotations will be given from Emerson. The magazines from which reports will be given are Harpers, North American Review, Atlantic Monthly, The Outlook and Hubbard's Little Journeys.

U. D. C. EUCHRE.

The Paducah Chapter United Daughters of the Confederacy will give a euchre party this evening at the Rieke building on Broadway. A number of tickets have been sold and the affair promises to be a great success.

BIRTHDAY CELEBRATION.

Mr. Charles Lofland, of the N. C. and St. L. road, celebrated his 62d birthday last night. About 30 guests were present and were served with light refreshments.

SEVERAL CHANGES

New Time Keeper—Change in Master Mechanic's Office.

A New Man at Fulton—Will Benefit All the Trainmen.

This morning important changes in the local I.C. master mechanic's office were made, when Storekeeper John Dugger went to Trainmaster Henry Schenning's office and was succeeded at the master mechanic's office by Mr. A. J. Hollenbeck, of Chicago. Mr. Hollenbeck arrived this morning and immediately assumed his new duties. Mr. Dugger will be time keeper for the engineers of the Louisville division and time keeper for the trainmen of the Paducah district. He will hold office at the dispatchers' offices under Trainmaster Scheuring.

Mr. Dave Mosley will go to Fulton today to act as time keeper of the Jackson and Fulton districts of the I. C. He will leave this afternoon and the change will be permanent.

This is only the consummation of plans which have been under consideration for some time. With the steady increase of business on the I. C. more engineers and trainmen have to be employed and the time keepers have not been suitably located. The change will make it better all the way around and will convenience not only the local officials, but the trainmen and engineers as well. It will keep separate the work of the division trainmen where formerly both the Tennessee and Louisville division men got their cheques and identification cards from the same office.

Theatrical Notes.

The Everlasting Bostonians incorporated with the generous sum of \$100,000 to push the enterprise whenever commercial push shall be needed, is now under the direction of Loudon G. Charlton and the business management of Charles R. Bacon. The veterans Messrs. Barnabee and MacDonald are thus enabled to devote themselves exclusively to the artistic conception of the performances. For their engagement in this city which will be on Friday night at The Kentucky when "Robin Hood" will be sung. This well written and beautifully constructed opera is admirably adapted to the measure of the Bostonians and it will afford this favorite organization an opportunity to again demonstrate the stuff it is made of. Seats on sale tomorrow.

Some twenty years ago, when Wilton Lackaye first went upon the stage he was rehearsing a part in "Paul Kavanagh," under the direction of the author, the late Steele Mackaye, who, while he was admitted to be a very capable stage manager, was considered somewhat old fashioned by modern dramatic schools. During the rehearsals, Mackaye and Lackaye had a slight dispute as to how a part should be acted.

"Do you pretend to argue with me?" demanded Mackaye, magisteriously. "I have been an acknowledged master of the dramatic art for twenty years!"

"Yes," said Lackaye, "but not this twenty."

CARMEN MEET

A COMMITTEE APPOINTED TO CONFER RELATIVE TO TRADES COUNCIL.

The railway Carmen met again last night in their lounge rooms over the Walker drug store, and initiated several new members and appointed a committee of two to assist in forming the trades council lately talked of.

Messrs. Fred McCreary and Q. P. Wallace were appointed on the committee and will confer at once with committees from other unions and brotherhoods employed in railroad service, to complete the organization of the trades council. The employees of the shops are anxious to organize the council and secure self government.

It should always be kept in the house for cases of emergency." 25¢, 50c, \$1 bottle. Sold by DuBois, Kolb & Co., Paducah, Ky.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Endorsers

TRIAL TREATMENT AND 64-PAGE BOOK FREE

At last there is a scientific way to cure myself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Turnock, a noted French-American physician and scientist who has made a lifelong study of these diseases and is now

"Now can say they are incurable until they have tried my discovery. The test is free."

I sole possession of certain ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitaria, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in the bladder, blotted bladder, frequent desire to urinate, albumenuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic, muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys, in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks, of Gay's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 945 Turnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send for the free trial and book. Write the first space moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no money is involved and the endorsements are from such a high and trustworthy source.

Local Observer.

The Memphis is due out of Tennessee river Friday.

The Buffalo left at noon for Nashville with a good trip.

The Royal arrived and departed on time for Golconda.

The Victor is due in from Cumberland river today with ties.

The Barrett is due down from the upper Ohio with a big tow.

The Woolfolk went down into the Mississippi river yesterday.

The Heatherington is due out of the Tennessee river in a day or two.

The Dick Fowler departed on time this morning for Cairo with a good trip.

The Rees Lee will continue to lay up at Memphis until the heavy rise is over.

The Clyde will go out at 6 o'clock tonight for Tennessee river with a good trip.

The Penguin is at Dover, Tenn., loading ties, and will be out in about four days.

The Joe Fowler is today's Evansville packet and left a little late for Evansville.

The Chattanooga did not get away yesterday but left this afternoon for Tennessee river.

The Savannah will leave St. Louis tomorrow and will pass into Tennessee river about Friday.

The Ten Brook is laying here waiting for barges and will not get out again before Friday, it is thought.

The Peters Lee passed down from Cincinnati to Memphis yesterday afternoon late with a big trip. She was loaded to the guards.

Mr. L. P. Holland, of the Ayer and Lord tie company, will go out tonight on Cumberland river on an inspection tour.

A call for a waterways convention, to be held in St. Louis May 30 and 31, has been issued to Mayors of cities and all who are interested in the subject by Capt. W. D. Ward, of St. Louis.

The heavy flight of ducks which set in from the South two weeks ago continues all along the Mississippi and the Ohio and tributaries. Rivermen and sportsmen say it is the greatest flight of ducks since 1880, when a long and severe winter was followed by the appearance of great numbers of ducks in all the lakes and streams.

The Memphis Commercial Appeal says: The Rees Lee, with her crew of rustlers made up of Italians, will be in port this morning. This steamer carries two interpreters, and like her companion boat, the Stack Lee, works none but the white rooster. These men, according to Capt. Robert E. Lee, are robust, hearty, strong men, with a natural fondness for the water and a liking for the river.

Capt. Lee also declares that they are giving every satisfaction. It is well enough to introduce the white men to this kind of work, for it is more than apparent that the future of the river commerce is being now decided. If labor, and such labor as the negro rooster, is going to control this enormous branch of the country's trade, boat owners claim that the business will not be worth the candle.

BALLARD'S HORSEHOUND SYRUP

Immediately relieves hoarse, croaky cough, oppressed, rattling, rasping and difficult breathing. Henry C. Try Just One Day of the Hearty, Bracing Health That Thousands Upon Thousands are Getting from the Celebrated Nerve Vitalizer and Tonic
PAINE'S CELERY COMPOUND.

"I wish I could tell every woman in the land how much Paine's Celery Compound will help them."

"I can never thank the friend enough who told me to try Paine's Celery Compound. I had almost given up in despair I was so nervous, tired and run down. I had no appetite, was constipated and could not sleep."

"I got one bottle, and when I had taken half of it my bowels were regular, my appetite came back and I commenced to sleep well. Now when I overwork and begin to get nervous and cannot digest my food properly I just take a few doses of Paine's Celery Compound and am all right again."

"It is the most wonderful restorer in the world. Before I learned what Paine's Celery Compound would do I had tried all kinds of medicines and nothing helped me." —Mrs. Nellie R. Baker, Springfield, Vt., Oct. 19, 1903.

Paine's Celery Compound is best advertised by the men and women it has cured. The fame of this celebrated Nerve Vitalizer and Blood Tonic has been spread to every city, town and farm in the nation—by the word-of-mouth recommendation of grateful

patients. Is there one other remedy in the world today that can point to success based on such fame?

"Trace every disease, blood trouble or pain to the TRUE CAUSE. Pain is only the sign or symptom. It is idle to treat the pain itself. The only true cure for blood impurity or suffering is the cure that CURES THE TRUE CAUSE—Weakness of the INNER Nerves."

—Prof. Edward E. Phelps, M. D. LL. D., of Dartmouth University—Paine's Compound.

The blood and all the organs of the body depend on the INNER NERVES, and Paine's Celery Compound gives the blood and the nerve system the strength to MAKE all the organs work in health and harmony.

**BOYS MUST STOP
PLAYING TRUANT**

The Baseball "Colie" Strikes the Public Schools.

Miss Birdie Lee Jones Is Elected to Receive the Spade in High School.

THE COMMENCEMENT PROGRAM

Yesterday was the first day professional base ball was enjoyed in Paducah this year and the effect of the game on the small boy was felt in the local schools to a great extent. There was a general illness in all primary grades yesterday and it was astonishing to note how seriously ill a boy could get. Many of the boys complained early in the morning and failed to get back in the afternoon. Supt. Leib says they must have had base ball colic, as all seemed to have gone in the direction of the ball park. "Rigid discipline will have to be enforced in the schools among the boys," Supt. Leib stated this morning, as the boys are beginning to play truant and go to the games. This is always a great source of trouble in the schools when the ball season opens. School does not dismiss until the game has been started and by the time the boys can reach the park it is nearly finished. So an early start is necessary and the pupils offer all kinds of reasons to gain dismissal and see the game. We will give them a good talk and try to remedy the matter in the future."

With the election of Miss Birdie Lee Jones to the office of Spade in the eleventh grade yesterday afternoon, the annual graduating class elections were concluded and nothing remains now but the assigning of subjects and the drilling for the commencement entertainment. Miss Jones is a very popular young lady with her class mates and the honor is well placed.

This week Supt. Leib will call the teachers of the High school together to arrange the commencement programme, and work of assigning subjects will begin this week. The pupils have two months nearly in which to complete their work of preparation and an early start will be given them in order that they attain perfection. The teachers intend to make this the most successful commencement ever held in Paducah.

RED MEN MET

CONTEST CLOSES THIS EVENING—INSTALLATION OF OFFICERS.

A special meeting of the Red Men will be held this evening for the purpose of ending the membership contest which has been on for the past several weeks, and it is thought about 100 new members will be added to the rolls.

Tonight the installation of officers, deferred from Friday night, will take place.

MARRIAGE LICENSES.
John Lewis, of the city, age 35, and Effie Clark, of the city, of legal age, were this morning licensed to wed. It will make the first marriage of both.

Master Mechanic Turnbull has returned from Evansville where he had been on business.

HALF DEAD.
That's the way so many people feel in the spring—don't care whether "school keeps" or not—dragging themselves through the day's work, no energy, no ambition for either work or play.

Henry's Compound Syrup of Sarsaparilla

Is bottled energy and life. It is full of blood-purifying, health-giving, appetizing, digestion, stimulating properties. It is not a temporary bracer; the good in every dose will stay with you for months to come. Every day's delay in buying a bottle is a subtraction from health's bank account.

L A C E N T E R INCORPORATES

DEATH AT CENTRAL CITY.
Central City, Ky., April 6—Walter W. Bennett died at the home of his brother, R. L. Bennett, in this city. Mr. Bennett was only 34 years old, and his death was caused from consumption, contracted from nursing his wife, who died a year ago. He was en route to his home from Texas, where he had been on account of his health and stopped to see his brother.

BUMMER SPICER ARRESTED.
Jackson, Ky., April 6—Deputy Sheriff Hiram Centers has arrived with Bummer Spicer, James Johnson's slayer. Deputy Bob Eaton, Roger Spicer and Sam Spicer, the latter carrying a Winchester, came with Centers. The Spicers came to protect the prisoner. Spicer was arrested at Sam Callahan's, a brother of Sheriff Callahan.

GOEBEL CASES.

Frankfort, Ky., April 6—The cases of the commonwealth against Taylor, Finley, Cecil, Green Golden, Wharton Golden and W. H. Culton in the alleged Goebel conspiracy, were called today and continued.

Judgment on the \$10,000 bond of W. H. Culton, which was forfeited at the last term, was deferred.

RECTIFIERS ORGANIZE.

Louisville, Ky., April 6—The Kentucky wholesale liquor dealers association was organized yesterday to fight the whiskey tax law. The officers chosen are: President E. M. Babbitt; Vice President Charles E. Chase; treasurer, William A. Miller. The secretary is to be elected later.

ATTORNEY GETS JAIL SENTENCE.

Frankfort, Ky., April 6—Attorney James A. Violett was given a jail sentence of six months and a fine of \$250 for shooting at Wingate Thompson. Thompson is capital square policeman. Violett is a prominent attorney and former member of the legislature from Frankfort.

COLLEGE INCORPORATE.

Frankfort, Ky., April 6—Incorporation articles were filed in the office of the secretary of state by the La Center college company, of Ballard county, with \$30,000 capital stock. J. A. Hines, S. T. Pane and J. D. Rollings, all of Ballard county, are the incorporators.

Washington—The President has approved the sentence of dismissal imposed by court martial in the case of First Lieutenant Arthur G. Sharpless, 12th cavalry, and Second Lieutenant Jean S. Oakes, artillery corps.

Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness.

First, hard to sleep a wile all night; second, to wake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.

They mean that somewhere in the nerve fibers, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To right it, take Dr. Miles' Nervine.

Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Fretfulness, Irritability, Melancholy, Lack of Ambition.

They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity.

Nothing will give such quick and lasting relief as Dr. Miles' Nervine.

"My husband had been sick for weeks, could not sit up, and could not make himself comfortable. He could not continue to grow worse. He could neither sleep nor eat. Our baby girl was sent away, and after a week, he had to leave home. I read of a case of nervous prostration cured by Dr. Miles' Restorative Nervine. We began giving it to him, and in a short time he was able to be dressed. From that time he steadily improved. Nervine saved his life."
